- ☐ PURCHASES CLUB "OUT OF THE BOX"
- ☐ OVER-INDEBTNESS (FINANCIAL DEBT)

SOCIAL AND SOLIDARITY ECONOMY

TRANSPARENCY & REPORTING

- ☐ SUSTAINABILITY MANAGER CLUB

Digital Skills Matchmaking has a role to **play in raising awareness** of the importance of digital skills development as a critical factor for positive and inclusive transformation. It also facilitates meetings and collaboration between companies and digital actors.

This project is supported by:

LE GOUVERNEMENT
DU GRAND-DUCHÉ DE LUXEMBOURG
Service des médias et des communications

Four ways to get involved:

Financial support

Needs in skills patronage (strategy, legal, accounting, translation, communication...), coaching (management, leadership, human resources management...).

Internships in your company

Computer, office equipment (tables, chairs, ...), rental (vehicles, ...), meeting room...

Why participate?

Companies undergoing a digital transformation, as well as the evolution or disappearance of some professions, will be able to **benefit from the expertise of the participants.**

But they also will be able to find a source of qualified workforce in these new fields or even **mobilize their employees in a voluntary approach.**
