What?

The *Service des Médias et des Communications* is looking for **8-12 business representatives based in Luxembourg** interested in joining a **TRAINING PLAN** in pilot phase that will provide an introduction to 5G and the business opportunities associated with it.

Why?

This training plan is an initiative of the Government of Luxembourg to support the **successful rollout of 5G** in the country.

This **TRAINING PILOT** aims to test the proposed training plan before the implementation phase to identify improvement areas.

Who?

- Business representatives from **Luxembourg-based** companies with **low to medium digital maturity level**
- Preferably from one of the following sectors:
 - *Logistics*
 - *Transport/automotive*
 - *Security & data privacy*
 - *Health*
 - *Banking*

When?

The pilot will be organised in the last week of January (including $\frac{1}{2}$ day of self-learning and $\frac{1}{2}$ day of online session). *Dates TBC.*
